

GIFTS OF APPRECIATED SECURITIES

The IRS gives two tax benefits to donors who contribute long-term appreciated property, such as securities or real estate: a charitable deduction and the reduction or avoidance of capital gains tax on the transfer to Doylestown Health.

You can leverage the impact of your donation to a greater degree than you can with cash—and receive additional tax benefits. (Appreciated securities must be held by the donor for at least one year to qualify.) When you buy low and give high, you make a gift that costs you less than the benefit it delivers.

Securities may be transferred electronically.
